

8 Important benefits of Diamond Matting.

Diamond entrance floor mat is safe.

It's rubber base is a user friendly material, guaranteed to lie perfectly flat to the floor ensuring a safe, trip and slip-free entrance area and it's studded surface is a boon to the visually impaired at doorways.

Diamond entrance floor mat is quiet.

Exhibits excellent sound absorption.

Diamond entrance door mat is tough on dirt.

Featuring 100% scrape / wipe surface contact across the whole mat in any direction.

Diamond entrance door mat is modular.

Installation is simplicity itself as each module is easy to handle and completely interchangeable without the need for adhesives special tools, equipment or skills.

Diamond entrance mat gives a smooth ride.

Perfect for trolleys and wheeled vehicles without compromising its effectiveness.

Diamond entrance floor mat is ready to lay.

It can be trimmed on and to site requirements, curved or angular with no compromise to its exceptional strength and durability.

Diamond entrance door mat is hygienic.

It's highly retentive contact surface is specially designed to capture and conceal soil age where it can be dealt with as part of the routine cleaning programme eliminating the costly and disruptive need to lift out the matting for periodic cleaning. **Diamond entrance floor mat** is easy to maintain. Standard vacuuming on a daily basis and a deep shampoo clean periodically will ensure its effectiveness and good looks.
