Suresport MD6003
Track & Field Mats
www.matsdirect.co.uk

These mats are made for people who are looking for mats to use in a higher demanding exercise sports regime.

All the mats in this range are filled with high resilient T21 foam and they are equipped with ventilation sides so as to enable inner air circulation during use.

The soft touch re-enforced PVC finish cover along with an anti-slip bottom to prevent movement when in use and hand grips come as standard.

Re-enforced or natural corners and connecting elements to create a bigger area are also available.

Colours: Blue, Green, Red.
