

...the choice matters

Surease MD660
Comfytip Anti-fatigue Matting

www.matsdirect.co.uk

High quality natural Rubber door mat.

With thousands of tough, flexible Rubber fingers to brush clean feet and collect dust, debris and moisture and trap it in the base.

Integrally moulded bevelled safety edging as standard allowing excellent non-trip properties.

Ideal for an outside door mat as it is completely weather proof.

Finger tip Rubber mats can also be used as an anti-fatigue stand-alone mat as the movement of the Rubber tips act as a massage of the feet whilst standing.
