Surewalk MD1000
Matrix Rib Matting Module

www.matsdirect.co.uk

- **Sound absorbing, non reflective**
- **Satra tested for slip resistance**
- **Surface or matwell installation**
- **Convenient modular format**
- **Efficient high-capacity grid**
- **100% Natural Rubber Base**
- **Simple no template fitting**

Matrix is a proven, innovative, new generation of entrance matting comprising rubber rib and nylon carpet inserts for matwell and surface mounted applications.

Each square metre of Matrix entrance matting incorporates over 5000 flexible rubber studs and 44 carpet inserts creating Active Pile Technology APT® ensuring the removal of moisture and grit through its unique interactive cleaning action. Daily vacuum cleaning will maintain its effectiveness and attractive appearance.

Built to withstand the most demanding of commercial entranceway environments, the studded channel grid has a high capacity for moisture and debris collection and retention and provides unparalleled grip for added safety in wet conditions.

The flexible modules are interchangeable for maximum durability and may be individually replaced to economically extend the wear value of the whole installation.

Matrix rubber entrance matting modules are manufactured to ISO9002 and conform to current BS8300 DDA regulations.

Colours:	Charcoal, Navy Blue, Silver Grey, Coco Brown, Green, Red
Temperature Range:	-20/+70DegC
Slip Resistance Test:	TM144 Satra Tested
Result:	High Slip Resistance
