

MD402 Chair safe floor protection mats are ideal to minimise wear to carpets or hard floors when using a chair with castors or legs and the constant shuffle of feet whilst sitting.

We offer 2 types of product Polycarbonate for hard floors and low to medium pile carpets and PVC suitable for carpet tiles carpets and hard floors. Its transparent finish allows the natural beauty of wood flooring or a carpet design to show through, while shielding the covered surface from damaging wear and tear.

The ultimate in quality, clarity and durability for home and office flooring. Crystal Clear and 100% recyclable. The toughest and most durable mats available.

Polycarbonate does not curl, crack, discolour or smell. Available with gripper back for carpets, smooth back for hard floors.

Colours: Clear Ex/Stock Only.
Other colours available.
