

Manufactured from closed-cell bidensity polyethylene.
Gym Tatami mats with a rice-straw anti-slip embossing finish. Water-jet puzzle precision cut.

Washable, impermeable, anti-fungal, antibacterial and hypo-allergenic.

Being reversible, these tatami mats allows for the creation of areas with different shapes and dimensions by using just one tile.

MD6007 tile is ideal to be used for both indoor and outdoor activities.

The puzzle cut, combined with the low weight offers a very easy and long-lasting installation process.

Colour: Yellow/White/Blue

Thickness: mm 35
Weight/M2 (Kg- Approx): 2.5
Tile size (100cm x 100cm): EX STOCK
