

Carpet media is the perfect product especially for exhibitions, events and locations where the carpet should be used for advertising and enhancing corporate identity.

The special digital technology is able to print any design or logo from 10 M2 onwards in crisp and brilliant shades. In the carpet field we are the only supplier who is specialized in printing for the exhibition and event industry where short runs and fast delivery are required.

400 Velour Shows all details of the print and gives a good compromise between elegance and functionality.

600 Velour Meets all aspects of the contract business at high traffic areas.

1000 Saxony High twist heat set fibre creates a luxury carpet for all top class events.
