

High quality textured Rubber finish for the ultimate non-slip performance where safety is of paramount importance.

Suretred grip Rubber matting is manufactured from top quality Rubber compounds and fabric reinforcements giving high non-tear qualities offering exceptional wear characteristics and sure footedness.

Ideal for areas, which encounter harsh weather and subject to sharp inclines or ramps, trailers, golf club bridge aprons, marine areas and building access points, for wheeled vehicles, trolleys etc.

Being fully weather proof it can be used indoors or outdoors. Suretred grip will require full bonding onto a suitable substrate to ensure its optimum effectiveness.
